Toledo ETOC and Weak Signals' RC Show Notice:

Tom Kroggel has requested the help of the Milan Flyer's at this year's Electric Tournament of Champions (ETOC) in Toledo. Tom is the owner of TNT Landing Gear Products (hobby shop) and the organizer of the ETOC. Tom will make a donation to the Milan Flyers Club in exchange for help at the events. The ETOC takes place in Toledo at the Waite Gymnasium, the Friday and Saturday nights (April 4 & 5) the weekend of the Weak Signal's Toledo RC Show. Working the flying competition (ETOC) would include selling tickets at the door, taking tickets, and general security. A meal ticket will be provided to each worker and the ability to watch the competition, which will include some of the best flyers in the world.

Calvin Mitchell and Bruce Sobry can attest to the great fun involved, as they have worked it the past several years. The competition brings in some of the worlds best. Please see the following website for the 2005 results and flight videos you can watch on the web: http://www.rcuniverse.com/magazine/article_display.cfm?article_id=509

Placing first and seventh at the 2005 event respectively were Dr. Scott Foster and Andrew Jesky. Both these guys attend the Saline Indoor Fly on occasion. Andrew was third in the US and eight in the world this past year and is expected to compete again this year in the ETOC. It's a great event and volunteers can earn money for our club as well as having a great time.

Please contact Calvin Mitchell at 734-677-5842 to get more info and to volunteer.

(Calvin, please count Bob Hendricks in for both nights. I'm looking forward to it.)

The website for the Weak Signals' Toledo Show (April 4,5 & 6) is the following: <http://www.toledoshow.com/>

The website provides all the info you'll need about the show.

The show is well worth attending. You can find almost everything for sale there, and usually at great prices.

So, mark your calendars for April 4, 5 and 6 and head to Toledo.
